Scholarship Through Service Purpose

- Parents are asked to be an active part of the North American Martyrs School community by volunteering in the school or parish.
- Parental involvement is intended to help parents teach children, by example, that service is an important part of being a Christian.
- In addition, it shows children the high value that parents place on their education by their involvement in the school. It also helps the school free up funds for other needs.
- Volunteering is a way to build community and friendships that have a positive effect on ones life.

Galatians 6:9 "So let us not grow weary in doing what is right, for we will reap at harvest time, if we do not give up."
