

North American M A R T Y R S Catholic School

In preparing for Catholic Schools Week, I came to a realization. I am the person I am today, thanks to Catholic schools. They have been a continual blessing in my life. My perspective has grown and changed over the years as I experience Catholic school from different vantage points. Throughout childhood, Catholic schools provided me with a strong faith formation, augmenting the positive influence of my parents and church community. As a teacher, I loved having a hands-on, front row seat to educate precious souls and aid in their spiritual growth. Now being a principal, it is an honor to shape, develop and enhance our Catholic school on a foundational level. I consider each student here my spiritual child and I work on a daily basis to provide the best education and school community for them, just as I experienced at their age. It is with a full heart, that I will celebrate Catholic schools week, and I invite you to as well. Each member of our Catholic school community plays a crucial role in the life of our students. I'm so grateful for all the benefits Catholic schools have bestowed over the years and am excited to be a part of the advancements we continue to make here at martyrs. God bless, Sr. Janelle
