A big thank you to all who attended the meeting with Matt Simmons Monday night. I was sad I missed it, but thankful that Chris Steffen recorded it. The link is provided below. I also appreciate the feedback you provided. I'm sorry the survey seems to have glitches and doesn't work consistently. Thank you to those who were patient enough to fill it out and please feel free to keep trying. I also would love to be able to provide adult education twice a year instead of once a year, so your ideas would be helpful. I am happy to provide it, as the more education we can provide the better. I know that some people thought last year's presentation was too scholarly and some people thought this one was too spiritual. Perhaps providing one of each would be a good idea. I need your help on knowing what topics interest you. I have some great ideas that parents submitted. Keep them coming by completing the survey, or feel free to email me ideas as well. I want the parents of our children to be educated and just like Father is working hard with the Dynamic Catholic requirement, I want to work hard with the practical and spiritual elements of what God is providing us as a school. The speakers, of course, are not free. Your attendance shows you care, and I hope that continues. I will do my part and try to get them on the schedule at the beginning of school in the fall so you can plan ahead. God bless you, Sr. Janelle

If you missed the talk on Monday night by **Matthew Simmons** you may hear an audio recording of it at the following link:
